COMMENTS ON DRAFT WORK PLAN, GROUNDWATER MONITORING AT ANOMALY AREA 3 AND IRP SITES 1 AND 2, FORMER MARINE CORPS AIR STATION, EL TORO, GEOTRACKER NO. DOD100136000, DOD100131200 & DOD100131500

Dear Mr. Weissenborn:

We have reviewed the above referenced document, dated June 28, 2007, which we received on June 29, 2007.

This work plan presents a revised groundwater monitoring plan and sampling and analysis plan for two landfill sites and an ordnance training and disposal area. IRP Site 1 and Anomaly Area 3 are in the process of remedy selection. Site 2 landfill is in the final stages of remedial action, construction of a cover. Appropriate semiannual groundwater sampling and analysis of contaminants of concern is detailed in the plans.

We concur with implementation of the work plan and sampling and analysis plan. For any questions, please call me at (951) 782-4494, or send email to jbroderick@waterboards.ca.gov.

Sincerely,

John Broderick
